

Updating your Information on Our Members List !

- 1) Log into "Love our Club" program.
- 2) Click "Your Name" in the top right corner of the screen.
- 3) Then Click "My Profile"
- 4) Then click the "Preferences Tab"
- 5) Then you get to a "Default Members Page"
- 6) Important to ensure box "hide from members list" remains unchecked as this will continue to make your name visible to others when they are trying to book a match with you. It is not recommended to check this box as you will not be able to be added to bookings if this box is checked.
- 7) If you want to have your Name, Phone Number, and Email address visible for other members to contact you then you must uncheck the boxes that list those items.
- 8) If you do uncheck these particular contact boxes then when others go to the "More" tab and then click on "Members List" your information will be visible for other members to view.

"NEW" Hitting List Feature Also Added:

Under the "More Tab" we also now have an active "Other List" created based on your skill level and gender to allow members to find hitting partners based on level of play.
